The Smart Farm solution gives potential of good growth, reduction in manpower and better working conditions. Hence, an improvement of the total economic result !

Don't let
the ducks
eat your
mussels !

- more mussels
- less ducks

Selfpowered scarer

To complete our range of mussel farming equipment, we now introduce the eider duck scarer.

Based on Lofitech's well proven technology we have developed a self powered scarer.

Delivered complete with:

- Probe under water
- Digitalized eagle scream above water
- Wind generator
- Solar powered
- Charger
- Batteries
- Instrument rig
- Raft

Range of 200 meter radius.

Contact us for an offer.
